

Appendix I

Worksheet: What Learning Experiences Do You Have To Offer?

Use this worksheet to pre-plan and share with nurse practitioner students completing practicums at your site.

Do you have space in your office/site for a student to review charts & document? Is there a private space to discuss “sensitive” feedback/evaluations?
What are the demographics of your practice and do they meet the students’ needs?
What are your clinical strengths and areas of special interest?
Are there any preparatory readings or research you would like the student to do prior to attending the practicum?
Do any of your colleagues have strengths and/or areas of interest that may be of interest to an NP student? Would these colleagues be willing to share some of their expertise?
Do you have responsibilities that are non-clinical that may be incorporated in the practicum? ie) QI committee, research etc
What ancillary services are available at your site that may be incorporated into the practicum? ie) Mental Health, Dental, CDE, Groups etc.
